

## Programmatic and Financial Norms: SAMAGRA SHIKSHA

The major components of the scheme would be based on the following pattern. The norms for the financial assistance available under the Scheme have been indicated and the States can supplement/augment the provisions for various interventions from their own resources. States/UTs may also note the following important points:

1	<b>In case of non-recurring expenditure, central financial assistance for spill over will be provided for three Years and maximum up to 5 years after the approval, in case, the approved works are not completed in the above-mentioned time frame, it will be become the sole responsibility of the respective State/UT to complete the pending works. For civil works approved prior to 2021, the time limit of three years will be calculated from 2021.</b>
2.	<b>Fund flow to SCERTs, DIETs etc. will be as decided by the concerned State/UT. However, there will a single UC for the component and states will be responsible to ensure proper management of accounts and auditing of the same.</b>
3.	In order to promote good performance based on the PGI grading, the best performing States and UTs will be given additional grant as decided by the Project Approval Board.
4.	Procurement of goods should preferably be done from Government e-marketplace (GeM) portal.
5.	<p>In order to ensure effective implementation, <b>States and UTs will prepare yearly reports on the progress of following themes/subjects:</b></p> <ul style="list-style-type: none"> <li>○ Progress on Foundational Literacy and Numeracy</li> <li>○ Progress on Early Childhood Care and Education (ECCE)</li> <li>○ Report on E-Governance and Digital education</li> <li>○ Convergence initiatives with various line ministries</li> <li>○ Progress on Vocational Education.</li> <li>○ Progress on Teacher Education.</li> <li>○ State Innovations and Quality initiatives</li> </ul> <p>These reports will be submitted in the <b>month of June every year.</b></p>
6.	<ul style="list-style-type: none"> <li>● Execution of <b>Media Plans for publicity</b> of the objectives of the Scheme</li> <li>● Preparation of related <b>audio-visual, print material</b> etc.</li> </ul>
7.	<b>Best practices</b> relating to various components/interventions need to be uploaded regularly on <b>SE Shagun Repository</b> .
8.	<b>Physical and Financial monitoring</b> will be conducted through <b>PRABANDH</b> .

#### IV. RTE ENTITLEMENTS

##### Goals:

- To support states in implementation of various provisions of RTE Act Provision of free uniforms and free textbooks to eligible students at elementary level for reducing sense of economic disparities among students and focusing on improving their learning outcomes**
- For providing equitable access: Reimbursement towards expenditure incurred for 25% of admissions under Section 12 (1) (c), RTE Act**
- Community Mobilization for enhancing learning by providing at schools: one-on-one tutoring; the teaching of literacy and holding of learning enhancement sessions; teaching support and guidance for educators; career guidance and mentoring to students; etc.**
- Build capacity of SMC/SMDC to give better student, teacher and school support.**
